MINIATURE ROSES

SEQUOIA NURSERY

2519 E. MINERAL KING VISALIA, CALIF.

**1959-60
Newest and Best
Varieties**

From one Gardener to Another:

Thanks for your interest in miniature roses. If you have missed the joy and satisfaction of growing these little fellows we hope you won't put it off any longer.

Minatures now come in many varieties and in nearly all colors found in the larger roses. They make wonderful gifts and may be used for many special occasions. Plants may be sent almost anywhere at any time. Just think how easily a gift of miniature roses may solve that problem of what to give to that person "who has everything". Or you may pot up some plants yourself to have ready for such occasions.

Minatures are among the first roses to bloom in the spring and the last to flower in the fall. Indoors or in the small greenhouse they may be flowered nearly all year. Use minatures for borders, low hedges, in groups for spots of color or as potted plants. They will bring you and your friends much pleasure. Try some today.

***ORANGE ELF.** (Pat. R. R.). Shapely, orange colored buds. New color in Climbing Minatures. Blooms even in small pot. Ground cover (or climber to 2½ feet tall). \$2.00 each; 3 for \$5.00

Sincerely,

Ralph Moore
